New In 2011!

Bible In A Year Challenge

Foundations...

Foundations are the key building blocks to life. Whether you talk about the foundations of a house, the educational foundations for a child, the foundations of a good marriage, the foundations of a national economy, you name it...if the foundation is strong, chances are so is what you build on top of it. The same is true for our relationship with Jesus Christ. The foundation on which a deep, spiritual life is built is the Bible. There simply is no substitute for reading and becoming intimately familiar with God's Word. 2010 was a transitional year for PEPC. Now the real work begins and like any master builder, we want to establish a good foundation.

To this end, the elders of PEPC are issuing a **challenge to our congregation...to read the Bible in a year**. It is our desire that **every single member, attender, man, woman, and child at PEPC** will accept this challenge so that we walk through it together as a community. Along the way, we will celebrate milestones (like getting through Leviticus!) and watch as God uses His Word to fundamentally transform our lives. Just think, in as little as three to four chapters a day, you can take the most important step towards strengthening and renewing your relationship with Jesus Christ! **We'll begin on January 16th and sign ups will continue through that date or you can register online at www.pepc.org!** For every person who signs up for the challenge, we will make a **donation to Wycliffe Bible Translators** whose mission is to translate the Scriptures into every language in the world! I look forward to the journey with you, my friends!

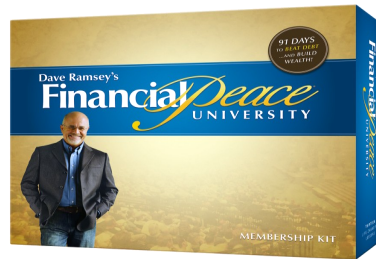

Yours In Christ, Doug Resler
